

Chemistry Program's Recommended Course Sequences 2017-18 Catalog Year

The following is a suggested two-year course sequence for transfer to UCSD for a Bachelor of Science (B.S.) degree in Chemistry. Note that pre-requisites for courses are not included in this plan, and it is always advisable to meet with a counselor to ensure you are meeting all current requirements. Additionally the course sequence below is very aggressive, and you may want to consider spreading out this plan over another year.
