

Dear Direct Loan Borrowers,

This letter is to inform Direct Loan borrowers at San Diego Community College District (SDCCD); we have been selected by the Department of Education as an Experimental Sites Initiative participant for the Additional Loan Counseling.

Effective within the 2017-2018 school year, SDCCD (City, Mesa, and Miramar College) has been approved by the U.S. Department of Education to request certain borrowers to complete additional loan counseling. The additional Loan Counseling will provide:

- Positive influence decision-making about borrowing
- Promote successful repayment of student loans, including reducing delinquency and defaults
- Have a positive impact on students' academic performance (e.g., grades and time-to-completion)

An institution's eligible undergraduate Direct Loan borrowers who previously completed entrance counseling will be included in the experiment and information for students in both the treatment and control groups will be reported to the Department of Education. Approximately one-half of those borrowers to be randomly assigned to:

- A **treatment group where the borrowers will be required to complete additional counseling, or**
- A control group where the borrowers will not be required to complete additional counseling

This experiment will allow the Institution to provide additional loan counseling, beyond the statutorily required one-time entrance and one-time exit counseling, for certain undergraduate William D. Ford Direct Loan (Direct Loan) student borrowers as a condition for the student to receive Direct Loan funds.

If you are a past borrower and your last digit of your Social Security Number (SSN) is an even number (i.e. 0, 2, 4, 6, 8), you will be in the Treatment group and will be **REQUIRED** to complete the additional loan counseling session.

- Make sure to submit the Direct Loan Request form and that the following are completed at www.studentloans.gov.
 - Master Promissory Note (MPN).
 - Mandatory Entrance Counseling.
 - Financial Awareness Counseling (Treatment Group)

References:

Section 485(l)(1)(A) of the HEA and 34 CFR 685.304(a)(1) and (a)(2) provide that an institution must ensure that entrance counseling is conducted with each Direct Loan student borrower prior to the first disbursement of a Direct Loan, unless the borrower has previously received a Direct Loan or a loan under the Federal Family Education Loan (FFEL) Program. Under the experiment, the Institution will be permitted to require additional loan counseling for Direct Loan borrowers included in the treatment group at the institution.

Participating institutions will require, as a condition for the student to receive Direct Loan funds, additional loan counseling for undergraduate Direct Loan borrowers, beyond the statutorily required one-time entrance and one-time exit counseling. Inform each student in the treatment group that as part of an experiment with the Department of Education the student's Direct Loan disbursements are conditional upon completion of additional loan counseling.

Your success is important to us. We highly encourage that you make use of the free student support services on your campus and take appropriate steps to help ensure that you will succeed this semester.

Best wishes to your educational endeavors!

Financial Awareness Counseling

San Diego Miramar College participates in the William D. Ford Federal Direct Subsidized Student Loan Program. Instead of borrowing from a bank, you will borrow directly from the federal government. You may borrow up to **\$3,500 as a first-year student** (23 or less degree-applicable units completed) or **\$4,500 as a second-year student** (24 or more degree-applicable units completed).

The Financial Aid Office will determine the actual loan amount for which you are eligible. You must have financial need to qualify for a subsidized loan, which must be repaid. The FAFSA application must be analyzed according to Federal Methodology and evaluated for accuracy by a financial aid technician. Checks will be disbursed twice per loan period (refer to the disbursement schedule at <http://www.sdmiramar.edu/students/financial/docs>).

A Direct Loan is a debt that must be repaid. As a result, you should only borrow the amount you need. Checks will be disbursed according to the payment schedule. Loan applications that are processed after the initial disbursement dates will be mailed out as soon as they are accepted and authorized by the loan servicer. Students who are attending only one semester at Miramar College will have their cost of education adjusted. In addition, their loan requests will be processed based on a one-semester budget.
