

UC Transfer Admission Guarantee (TAG) for Students Applying for 2022-2023 Admission

Six University of California (UC) campuses offer guaranteed admission to students from **all** California community colleges (CCC). Interested students must meet campus-specific requirements to qualify for a TAG. By participating in a TAG program, students can ensure their admission to a specific UC campus. Also, students interested in pursuing the [Pathways+](#) transfer option will use a TAG to secure their guarantee.

Who can file a TAG?

Only students transferring directly from a California community college (CCC) are considered for a TAG, including international students (those with a visa). **Note:** students whose native language is not English and whose high school and/or college/university education was in a country where the language of instruction was not English must provide evidence of English proficiency. [Methods to demonstrate English proficiency](#) for each UC campus can be found on the web.

A CCC transfer student is one who has completed at least **30 semester (45 quarter) UC-transferable units** at one or more California community college. The last college the student attended in a regular session (fall/spring or fall/winter/spring) before admission to a UC campus must be a California community college.

Not Eligible for a TAG: Students who have already earned a bachelor's, graduate and/or professional degree; students previously enrolled at a UC campus during a regular term (not including summer session only) who plan to return to that same campus; and students concurrently enrolled in high school at the time of TAG application submission.

To pursue a TAG, students must:

- Complete the online TAG application and submit it during the appropriate filing period — September 1-30, 2021 for fall 2022 admission (or May 1-31, 2022 for winter/spring 2023) at uctap.universityofcalifornia.edu.
- Once a TAG is submitted, fulfill all remaining coursework and GPA requirements designated on the TAG agreement.
- Apply for admission to UC during November 1-30, 2021 for fall 2022 (or July 1-31, 2022 for winter/spring 2023) at apply.universityofcalifornia.edu. TAG students **must** submit a UC application; submitting the TAG application alone is not enough.
- **Note:** TAG/admission decisions will be based on all academic information available at the time of review. Dropping required courses and/or earning non-passing grades in coursework may result in a change in your TAG/admission eligibility. Grade changes or adding courses to meet TAG criteria after the decision is made will not be considered.

****Students are strongly encouraged to consult with their community college counselor prior to completing/submitting the TAG application. Davis and Irvine allow CCC counselors the option of reviewing the TAG prior to the UC review, with a deadline of October 15, 2021.**

Please note: transfer students do **not** have to participate in TAG to be considered for admission. In fact, approximately two-thirds of transfer students admitted to UC do not have a TAG. Non-TAG students simply apply for UC admission during the appropriate application filing period.
