Update on COVID-19 and Spring/Intersession 2022

Dear Students,

Given that COVID-19 continues to spread rapidly throughout San Diego County, the San Diego Community College District will further delay the return of many of the in-person instruction and student services until Tuesday, February 22, 2022.

For courses beginning January 31st to February 17th, please be on the lookout for notifications from your instructors about your course. If you have not heard from your instructor by January 29th, please contact your instructor for delivery information.

Student Support Services will continue to be provided online during the temporary virtual instruction period. Due to the change in services, parking will not be enforced on student parking lots (faculty/staff parking is still being enforced). Students that already purchased a parking permit will be refunded.

For up-to-date information, please visit your college's website:
