VISION AND GOALS

WE ARE BUILDING A NEW SHIP...

WHAT IS THE END GAME????

MIRAMAR SHIPBUILDING YARD

MIRAMAR SHIPBUILDING YARD

Goals and Vision

- Focus on Mission Alignment
- Building in Values
- Infrastructure Built on the Ship's Keel (Mission)
- Superstructure and Decking is . . .

. . . Built on top of the keel, supported by bulwarks

- Water–tight Integrity

MIRAMAR SHIPBUILDING YARD

The Work

- DEI infused in everything (bulwark and decking)
- Guided Pathways (bulwark and decking)
- Individual Programs, Degrees, Divisions (decking)
- Initiatives, Resource Centers, Grant Efforts (decking)
- Program Review (water-tight integrity)

"No ship ever sank because of outside water. Ships sink because outside water got in."

-- Anonymous
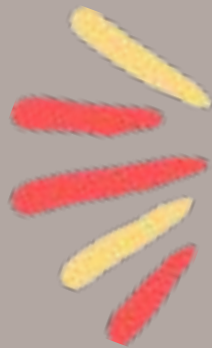

The Framework of Guided Pathways

Guided Pathways team

Project Summary

After years of planning and preparing,

this year we are taking off!

Looking at the student experience from start to finish

Interest Areas

Course Sequencing AA-T/AS-T

Reviewing Onboarding process

The Team

Lisa Brewster
Guided Pathways
Coordinator

Randy Claros
Onboarding

Laura Pecenco
Course Sequencing

Matt Cain
Program Mapper

Projects

Interest Area

Developing spaces for students to engage in and network within their disciplines

Program Mapper

Making our sequences visible, easy to understand and accurate

Course Sequencing

Developing Course Maps for all AA-T/AS-T, AA/AS, and Certificates

Onboarding

Rethinking how we help students enter Miramar and our Interest Areas
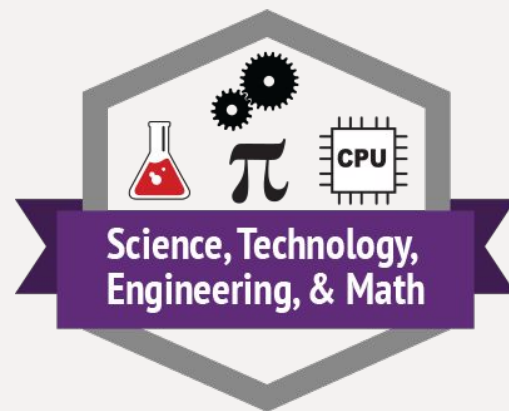

Interest Areas

2020: Interest Areas
- Identified the 6 Interest Areas

2021: IAST's
- Developed the pilot IAST's

Grow Interest Areas
- Develop canvas shells for Interest Areas
- Add students into Interest Areas

Advanced Transportation & Applied Technology

Creative Arts, Languages, & Communications

Social & Behavioral Sciences & Education

Health, Wellness, & Public Safety

Business & Entrepreneurship

Science, Technology, Engineering, & Math

Paired Course within STEM Interest Areas
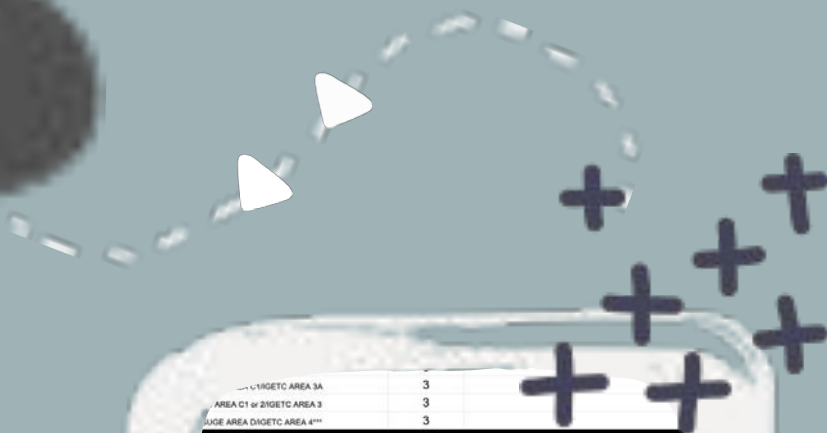

Faculty mentoring program in STEM

Community of Practice around teaching & learning in CALC

IAST Projects

WE ARE NOT DONE YET

Course Sequencing

- **Held the Course Sequencing Retreat on October 15 & 22**
- **Next steps**
  - **Drafted sequences will be reviewed by counselors**
  - **Sequences will be input into program mapper**
  - **Course sequencing will be used to assist enrollment management**

Program Mapper

4- Step to LAUNCH Program Mapper

- **STEP 1 Gather Data**
- **STEP 2 Data Cleaning**
- **STEP 3 Map Authoring**
- **STEP 4 LAUNCH SITE**

WE NEED YOU!

Step 1 - Complete Course Sequence

Step 3 - Recruit Authors

Onboarding

Onboarding Workgroup reviewed Student's Onboarding Experience through the Success Factors Framework

Onboarding

Now an Onboarding Design team will begin to develop strategies and interventions to help improve the student experience

Spring Events

Program Mapper

Thursday

Feb 10

1:30-3:00

Course Sequencing

Wednesday

Feb 23

1:30-3:00

Onboarding

Wednesday

Mar 9

1:30-3:00

IAST's

Wednesday

Mar 23

1:30-3:00

BREAK

BECOMING A STUDENT READY COLLEGE

Vice President of Instruction, Michael Odu

Becoming a Student Ready College

[Integrated Planning Framework | San Diego Miramar College (sdmiramar.edu)](#)
