MAJOR:

RESOURCES THAT HELPED ME THE MOST:

Academic Success Center has helped me the most in my college life. I do not need to worry about how much I will be charged for the tutor, because it is all free. I went to Center several times, the tutor there guided me on how to solve academic problems, and shared their experiences about how to learn this subject successfully. This is a key secret to how I earn an A in the class.

ADVICE TO INCOMING STUDENTS:

If you want to study more efficiently, you must manage your time well. Because when my time is planned, I have a clear view of my tasks and do not miss important events and times. Time management is key to being a successful college student.
