

# Biotech Careers Start Here!

**Demand for skilled, biotechnology professionals growing faster than ever for people with the right education and experience!**

“I have nothing but good things to say about Miramar College and the San Diego Biotechnology Center. It changed my life.”

*Tracy Naputi, Biotechnology Program Alumna*

## Biotech is Booming!

San Diego’s biotechnology industry is expanding faster than ever, creating thousands of in-demand, well-paying careers for professionals with the right education...and that’s exactly what you get from San Diego Miramar’s Biotechnology program.

Designed around common industry needs and skills, San Diego Miramar College biotechnology students get the practical knowledge they need to find entry-level employment in this thriving industry. In addition to intensive laboratory skills development, students learn about fundamental chemical processes found in prokaryotic and eukaryotic biology; the chemistry of proteins, enzymes, nucleic acids and lipids; cellular and molecular biology; basic immunology; and classical and molecular genetics with an emphasis on gene expression and genetic engineering. Students also work on an updated resume, employment search skills, interview practice, and becoming employment ready. In addition to an Associate of Science degree in Biotechnology, two short-term certificates in Biotechnology and Applied Biotechnology - Molecular Biology are available. **Two or three classes are all you need to enter the workforce fast!**

### Degrees & Certificates

*Associate in Science*  
Biotechnology

*Certificate of Achievement (3 classes)*  
Biotechnology

*Certificate of Performance (2 classes)*  
Applied Biotechnology – Molecular Biology

**San Diego Miramar’s Biotechnology degrees and certificates can lead to great paying careers like these!**

Quality Control Analysts	<b>\$48,380</b>
Biological Technician	<b>\$52,590</b>
Manufacturing Production Technician	<b>\$52,940</b>
Medical & Clinical Lab Technician	<b>\$63,120</b>

### We Support Student Success

Attending college can be a challenge. Our **FREE** student support services can make it easier.

- Financial Aid (qualifying is easier than you think!)
- Career Services
- Academic Tutoring
- Health Center
- Low-income & Educationally Disadvantaged Support Programs
- Foster Youth Services
- Disability Support Programs
- Veterans Services
- Basic Needs Resources
- Transfer Assistance
- LGBTQ+ Resources

### Why Biotech?

San Diego is home to almost 1,700 life science companies and research institutes and supports over 175,000 jobs

San Diego’s Biotech industry generates an economic output of over \$47 billion a year

San Diego Miramar College is home to The Southern California Biotechnology Center, a workforce development hub that supports life sciences and biotech career training

The average salary in the Biotechnology industry in San Diego is \$126,833 a year
