Helpful resources/information from our Website:

- If a student is sick or experiencing COVID-19 symptoms, they must not participate in face-to-face instruction or student services. Students must report their positive COVID-19 test to their instructor. The student positive COVID-19 reporting form is published at [student fillable Positive COVID Test Reporting Form-3_0.pdf \(sdmiramar.edu\)](#). The instructor will report to their Department Chair and Dean. Students will be contacted by Student Health Services for specific quarantine requirements and follow-up testing and safety requirements. Close contact employees will be contacted by SDCCD Risk Management for specific follow-up.
- How do I get a COVID test? SDCCD is no longer providing COVID testing on site. Individuals must obtain PCR testing from their healthcare provider or local pharmacy or [San Diego Testing Site](#).

From the ASCCC and Miscellaneous:

1. [ASCCC Webinars October 2022](#)
2. The Chancellor's Office recently provided information regarding the state's \$115 million dollar investment in Zero Textbook Cost (ZTC) pathways, that was appropriated in [California Education Code 78052](#). The ASCCC Open Educational Resources Initiative (ASCCC OERI) has prepared a ZTC Program overview document

([Zero Textbook Cost \(ZTC\) Program Overview: What we think we know](#)) that summarizes what we know at this time. We hope you and your academic senate will rely on your local Open Educational Resources (OER) Liaison's expertise as your college develops plans for the use of the ZTC funds.
