

Dreamers Events & Workshops

The Miramar College Dreamers Support Office produces many workshops and events to both inform and entertain our students. Students and their families learn of the many supports available to them during our events from financial aid and scholarship resources to interactive workshops related to income generating opportunities. We also encourage student-to-student and student-to-staff connections through our more engaging activities like **Coffee & Crafts**, an interactive arts and crafts workshop, and **Undocu-Ally Training**, where faculty, staff, and students can learn how to be an ally to the undocumented community.
