5. "Increasing the Enrollment, Retention, and Success of Men of Color in Community Colleges": Over the last decade, two-year institutions have seen a steep decline in student enrollment rates, which has been exacerbated due to

the COVID-19 pandemic. The decline in enrollment is especially significant among men of color. In response to the issues that complicate the enrollment, retention, and success of men of color, the [Association of Community College Trustees](#) (ACCT) and SDSU's [Community College Equity Assessment Lab](#) (CCEAL) published a brief that explores underlying factors driving these trends, as well as successful strategies to best support men of color that are already working in the field.

6.

1. The Faculty Association of California Community Colleges ([FACCC](#)) invites you to join us for a virtual event designed specifically to address the needs of part-time faculty in community colleges on 12/9/22 at 2:00 PM. Registration is limited and required. [Reserve your spot today](#)!

3. This year, the Chancellor's Office released the inaugural edition of the Compendium of Allocations and Resources (the Compendium) to support district and college leaders in the implementation and effective use of 2022-23 fiscal resources. Monthly updates to the Compendium will be released through the First Principal Apportionment in February and can be found here: [Budget News page](#).

4. Check out the DSPS [Faculty & Staff Resources](#) page. There, you'll find a new section of resources called Equity Practices and Universal Design for Learning. In addition to books, websites, articles, and a podcast that may support your accessibility and inclusion endeavors, you can also learn about Universal Design for Learning (UDL). A framework based on scientific insights into how humans learn, UDL helps to remove barriers and make sure that various types of learners are included.

5. Did you know that 2020 CDC data found that 25.5 percent of survey respondents aged 18 to 24 had seriously considered suicide over the past 30 days? In order to be proactive in addressing this national crisis, Mental Health Counseling purchased access to an online training module with *LivingWorks*. This 90 minutes training helps you to recognize when someone is thinking about suicide and how to connect them to the appropriate help and support. To register for this training, please complete your information in the below form: https://docs.google.com/forms/d/e/1FAIpQLSeRaV3FvetGl0df1PMHH_ZcoHOl1uwx-Xu9rP_s1xh_zgFDAw/viewform?usp=sf_link. (See Jesse Martinez's 10/11/22 email, "World Mental Health Recognition Day - October 10th")

3. Lezlie Allen, Student Health Services at Lallen@sdccd.edu

Helpful resources/information from our Website:

- Student COVID Reporting: COVID-19 information for students is published at https://www.sdccd.edu/students/covid19/
- If a student is sick or experiencing COVID-19 symptoms, they must not participate in face-to-face instruction or student services. Students must report their positive COVID-19 test to their instructor. The student positive COVID-19 reporting form is published at student fillable Positive COVID Test Reporting Form-3_0.pdf (sdmiramar.edu). The instructor will report to their Department Chair and Dean. Students will be contacted by Student Health Services for specific quarantine requirements and follow-up testing and safety requirements. Close contact employees will be contacted by SDCCD Risk Management for specific follow-up.
- How do I get a COVID test? SDCCD is no longer providing COVID testing on site. Individuals must obtain PCR testing from their healthcare provider or local pharmacy or San Diego Testing Site.

10. The Chancellor's Office recently provided information regarding the state's $115 million dollar investment in Zero Textbook Cost (ZTC) pathways, that was appropriated in California Education Code 78052. The ASCCC Open Educational Resources Initiative (ASCCC OERI) has prepared a ZTC Program overview document (Zero Textbook Cost (ZTC) Program Overview: What we think we know) that summarizes what we know at this time. We hope you and your academic senate will rely on your local Open Educational Resources (OER) Liaison's expertise as your college develops plans for the use of the ZTC funds.
