5. **Complete a Welcome Appointment with a DSPS Counselor**
 - Engage in the interactive process with a DSPS counselor. Discuss your request for specific Academic Accommodations.
 - You will be provided an Authorized Academic Accommodations letter to share with your instructors.
 - You may be eligible for priority registration (according to the SDCCD priority enrollment system outlined in the college catalog) after you have completed steps 1-5. These steps must be completed before the semester deadline in which you plan to enroll.
