

APPEAL FORM WORKSHOP

The Financial Aid Office will be offering a new Zoom Workshop throughout the semester for students that would like to have a better understanding of the Appeal Form and its process. Students will learn about the Satisfactory Academic Progress policy for and how it can affect their financial aid status. In addition, the workshop will cover the process to request financial aid reinstatement. This workshop is in the form of a Zoom App presentation; therefore, attendees are not required to have a webcam, nor microphone. With time permitting, students can ask general questions in the Q&A areas. Students will not be able to ask personal questions about their financial aid status. The workshop will be approximately 1 hour.
