

## Frequently Asked Questions

### ***How can I become an Honors Student?***

There are two ways you can become an Honors student:

1. **Honors Courses:** These courses appear in the online class schedule designated by an “H.” All students in the class are Honors students. You can do an online search of Honors courses by selecting Honors from the drop down menu. Register for these courses the same way as you would for any other course.
2. **Honors Contracts:** You can convert any transfer level course to Honors by signing an Honors contract. Honors contracts are available during fall and spring semesters. Approach your instructor(s) and ask if they are willing to do an Honors Contract. The instructor can invite you to apply via “follow up” in their online roster and you will be able to sign the contract within your student portal (look for “apply to Honors” in your to do list).

### ***What is an Honors Contract?***

An Honors Contract is a signed agreement between a professor and a student in a regular (non-honors) section to design a mutually enriching experience enhancing the course’s curriculum. The agreement uses honors level attributes (see list below) and tasks to guide the student and professor in developing Honors assignments, in addition to the objectives of the regular class. Unit credit remains the same as a regular course.

Honors Contracts can be established between a student and their professor in transferable courses.

### ***Is there an application to become an Honors student?***
