

Contract Faculty Hiring Priority List Procedures

Approved CFHPC 12/7/2022;

Academic Senate 2/21/2023

Replacement Positions

1. Existing positions that are vacated for any reason (including mandated positions) may be recommended by the department to the appropriate VP through their managers and then the President for automatic replacement with faculty members in the same discipline.
2. Departments must request automatic replacement by the President within the semester of vacancy. If the department does not desire to replace the position or does not request replacement within the semester of the position becoming vacated, or if the request for automatic replacement is denied, the position will be added to the number of available new positions and will be filled according to the rankings.

New Positions

1. New positions are proposed by departments following the procedures for requesting a new position during the Spring semester using the [Full-Time Faculty Request Form](#).
2. New positions are ranked by the voting members of the Contract Faculty Hiring Prioritization Committee (CFHPC) using the outlined process and rubric (to be linked here when completed).
3. If a department decides not to hire the position they were awarded, the position will automatically go to the next ranked position on the list.
4. New positions are removed from the ranked list when they are filled.
5. For new positions approved for hire, but not filled before the next year's ranked list is created (i.e. failed search), a status report shall be provided in the same semester to the CFHPC.
6. 20% of all new positions will be awarded to General Counseling up until they reach 15 full-time faculty.

Scoring Proposals

1. Voting members of the CFHPC will independently score each submitted hiring proposal using the Senate-approved Rubric (to be linked here when completed).
2. Scoring will not be anonymous, and scores will be visible to committee members.
3. All voting members will score all submissions ensuring each submittal gets the same number of reviewers.
4. The Chair of the CFHPC will compile the scores and generate the ranked list of positions. The list shall be presented to the committee and approved by the voting members.
