5. Additional comments about the organization of the course or effectiveness of the instructor:

ResponseID Response

18	Michael was really good with engaging us in learning chemistry. Michael used real life examples he encountered working as a CLS to engage us in learning during our labs.
19	He is very nice and knowledgeable about the course
20	Enjoyed the Professor tying together the course material with actual experience of situations that he has encountered in the lab.
21	Instructor was very informative about the topics presented in class. He was able to apply it to his real life experiences which was useful for the overall understanding
22	Everything was perfect
23	Michael is very patient and knowledgeable in every lectures
25	He is the best
26	He is very knowledgeable in the subject and we can tell. Gives personal examples and experiences to increase our learning/understanding.
28	Michael is a great first time professor, and enjoyed teaching this course. I learned a great deal in this course, and encouraged my participation and understanding to any information.
30	Michael is an awesome teacher. He really tries to connect the lecture with his clinical experience. All of which contribute greatly for learning.
31	I think that having so little time to prepare for the semester Prof Malak did really well. He explains the topic well and have added aid for more understanding!
32	Michael knows the material very well, and can answers all questions. He even shares personal experience in the field which I think is good for learning.

7. If you could change one thing about this department or service, what would it be?

ResponseID	Response
20	More labs towards the end of the semester
21	More laboratory experience
22	Can it be this class in the morning, that would be helpful
23	i would prefer to have all morning class time for the MLTT program
24	Adding more lab that were more realistic to what is being performed on the a real medical setting.
25	Only quiz and exam which like to be from boc
26	Allow the labs to be more organized with instruction. Lab manual wasn't used all semester because it was wrong. \$20.
30	Better equipments
31	I think we need more content for the last 2 week of class. It got too repeatative. Maybe more labs that could be done when we do our externships.
