1. Approval of agenda
2. CurriQunet Meta and Mac use
3. Approval of [notes from last meeting](#)
4. Review of [Curriculum Proposal Tracker](#)
5. Course proposals
 - FIPT 311A - Representative Sample
 - Mara - Changing to CSU Transferable
 - All - Performing two-year review
 - Darren - Please check textbooks/manuals to see if still OK
 - NUTR 150
 - Mara - please review content against CalGETC Biological Sciences criteria
 - Mardi - please review new catalog description, SLOBS, and outline of topics for alignment and consistency. If possible, please send to colleagues at City and Mesa for review and concurrence
 - PARA 221
 - Darren/Mara - Changing subject area from CBTE to PARA
 - PSMA 401 - All please review; first time doing an upper division course
 - Review catalog description for wording.
 - I think we might select a more specific TOP code like Public Administration.*
 - The SAM Codes are used to show a course's place in a CTE program sequence. "Advanced Occupational" means the final "capstone" course the student takes at the completion of the program. I don't think that's what this one is. Instead, this is probably "D - Possibly Occupational" which means it's a course at the beginning of a CTE program sequence.*
 - Review discipline assignment.
 - Review content and consider how to make more detailed/robust for upper division coursework.

San Diego Miramar College
Curriculum Technical Review Subcommittee

- Review student learning objectives and consider level of Bloom's taxonomy and appropriateness to upper division coursework.
 - Review critical thinking assignments, including references to healthcare and records.
 - Review writing assignments for appropriateness to upper division coursework.
6. Award proposals - None
7. Other business
- Bachelor's degree program update
 - Catalog production with Cnet Meta and programs vs. awards
 - Program level SLOs in Cnet Meta
 - [Possible COMS 170 revision for CalGETC](#)
