Confirm “MIR” is listed in the *Ship To* field. Enter point of contact and room number in *Attention* field.

The screenshot shows two sections: "Shipping Defaults" and "Accounting Defaults". In "Shipping Defaults", the "Ship To" field contains "MIR" (highlighted with a red box), "Due Date" is empty, and "Attention" contains "CDEMOLL". In "Accounting Defaults", there is a table with columns: Dist, Percent, Location, GL Unit, Fund, Dept, Product, and Account. The first row has "1" in the Dist column, and "MIR" in the Location column. A magnifying glass icon is next to the "MIR" in the Location column. A blue arrow points from the "MIR" in the Accounting Defaults table to the "MIR" in the Shipping Defaults "Ship To" field.

Use the **Location field** to identify the end location for the order to be delivered. This will populate the location information you choose into every subsequent line item you create in the requisition. Select the magnifying icon next to the location field.

Change the search criteria from “begins with” to “contains” for both the **Location Code** and **Description** and input the appropriate search information to identify a specific room number as the end location. You must input information into the search field to pull up Miramar locations. The system will only show the first 300 locations for the district, which do not include Miramar. In the **Location Code** field, input **MIR00**. In the **Description** field, input the **alpha** character for the appropriate building.

(for example: for the Administration Building, enter N). Click “Look Up”

The screenshot shows a "Look Up Location" dialog box. The "Location Code" field contains "MIR00" and the "Description" field contains "N". Both fields have a dropdown menu set to "contains". The "Look Up" button is highlighted with a red box. Below the dialog box, a list of search results is shown. The first row is "MIR00N0101 Miramar College Bldg N-Rm 0101", which is highlighted with a red box. Other rows include "MIR00RANGE Miramar College - Range", "MIR00F200N Miramar College Bldg F-Rm 200N", etc.

Then select the room # from the list.

Enter the budget number (Fund, Dept, Product, and Account). Click OK.

The image shows a dialog box titled "Accounting Defaults" with a "Chartfields1" tab. It contains a table with columns: Dist, Percent, Location, GL Unit, Fund, Dept, Product, and Account. The "Fund" column has a value of "1" and a search icon. The "Location" column has the value "MIR00N0101". The "GL Unit" column has the value "MIR01". The "Fund", "Dept", "Product", and "Account" columns are highlighted in yellow. Below the table are "OK" and "Cancel" buttons, with the "OK" button highlighted in red.

The Requisition Settings page is complete. Click the **Special Requests** link. For Office Solutions and Grainger, use the "Web" links.
