INFORMATIVE DIGEST

This regulatory action would amend sections 56400 through 56416 of title 5 of the California Code of Regulations related to the NextUp Program (formerly known as the Cooperating Agencies Foster Youth Educational Support Program or “CAFYES”) consistent with recently-enacted legislation intended to expand and strengthen support for foster youth, a priority population for Vision 2030, as follows:

1. Renames the program and expands participation: Per Assembly Bill 183 (2022), CAFYES is renamed Nextup and expanded to potentially more community college districts by removing the previous 20 community college district cap
2. Lowers minimum age from 16 to 13: Per Senate Bill 512 (2021), students qualify for the program if they were in the foster care system at any point on or after their 13th birthday.
3. Provides flexibility regarding minimum credit enrollment requirement: Per Assembly Bill 190 (2022), students enrolled in fewer than nine units may be accepted into the NextUp program if enrollment is part of an education plan designed to move the student toward subsequent enrollment in at least nine units.
4. Allows continuity of services past age 26: Per Assembly Bill 190, a student who turns 26 while in the NextUp program may now continue to receive services. Students are only required to be under 26 at the commencement of any academic year in which the student first enrolls in the program. In addition, a student who enrolls in the NextUp program prior to age 26, disenrolls, and subsequently returns after turning 26 may be readmitted to the program.
5. Specifies no additional eligibility criteria may be imposed. Per Assembly Bill 190, all current and former foster youth who meet NextUp eligibility criteria as specified in the Education Code are eligible to be enrolled in the program and “shall not be required to meet any additional eligibility requirements as a condition for enrollment.”

These proposed Title 5 regulation changes aim to: 1) provide clarity on the NextUp eligibility and administrative practices that are consistent with the statutory changes highlighted above, which have already gone into effect; and 2) reflect the program name change from Cooperating Agencies Foster Youth Educational Support to NextUp.

ESTIMATED COST OR SAVINGS OF PROPOSED AMENDMENTS

The estimated cost or savings attributable to the proposed regulatory action are anticipated to be as follows:

Mandate on local agencies or community college districts: *None*. Participation in the NextUp program by community college districts is voluntary.

Cost or savings to state agencies: *None*.
