

Histology Practice Lab Exam

Presented here are the histological slides that may appear on Lab Exam 1.

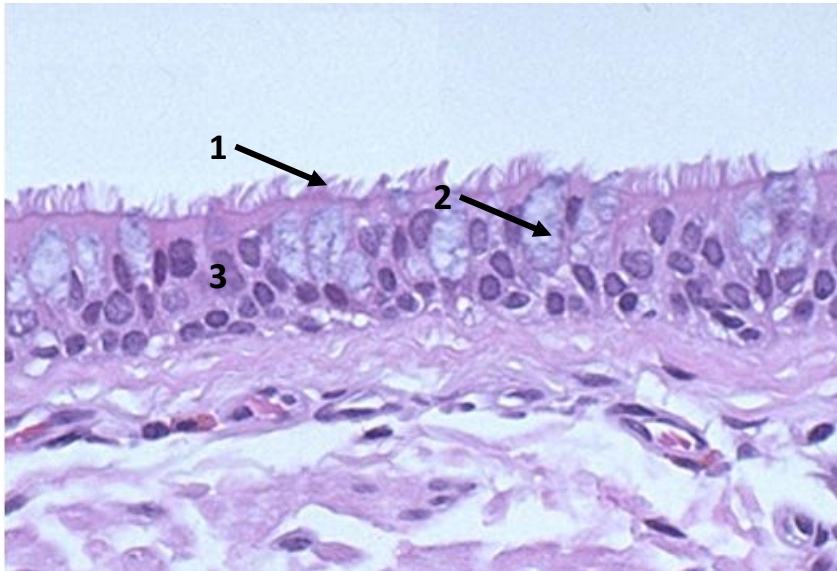

The unlabeled tissues are shown at various magnifications and presented in a random order. There are arrows with numbers pointing to structures that are listed in **Lab Unit 1** of our Lab Manual.

Suggested approach:

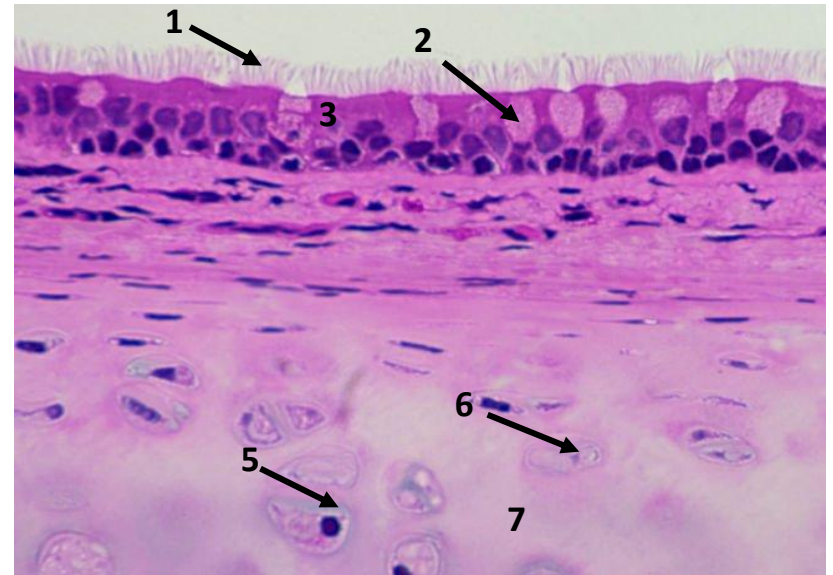

Examine each slide and first determine whether it is **epithelial** tissue or **connective** tissue.

Then use the questions to help you determine the specific tissue.

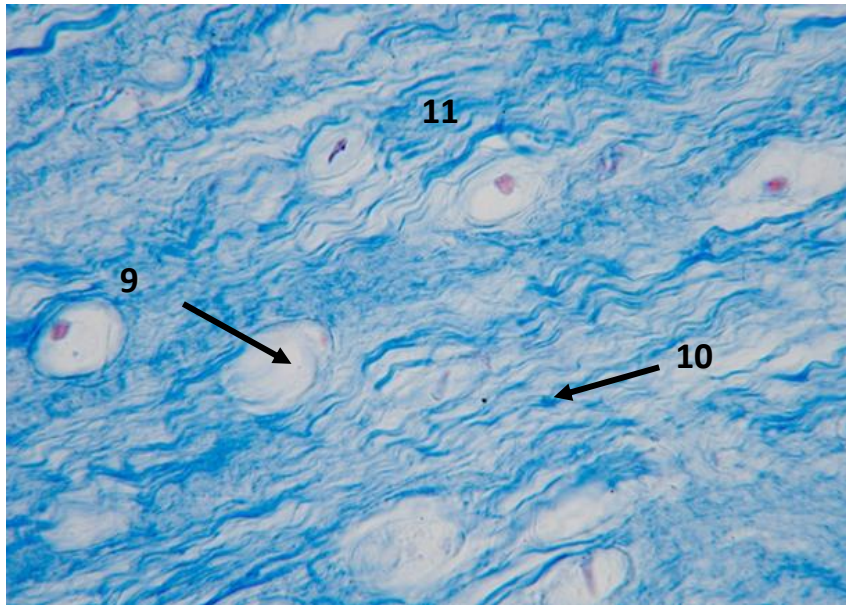

There are 65 questions (there are only 50 on the lab exam), the additional Q's will help you be more thorough and anticipate all types of questions. The answer key will be posted before the lab exam!

1. Name structure.
2. Name cell.
3. Name the tissue.
4. Name the location in body.

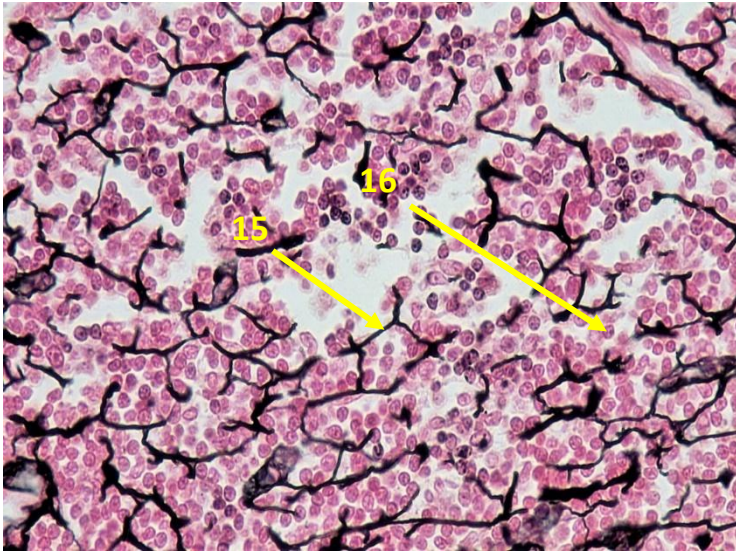

5. Name the structure.
6. Name cell.
7. Name the tissue.
8. Name the location in body.

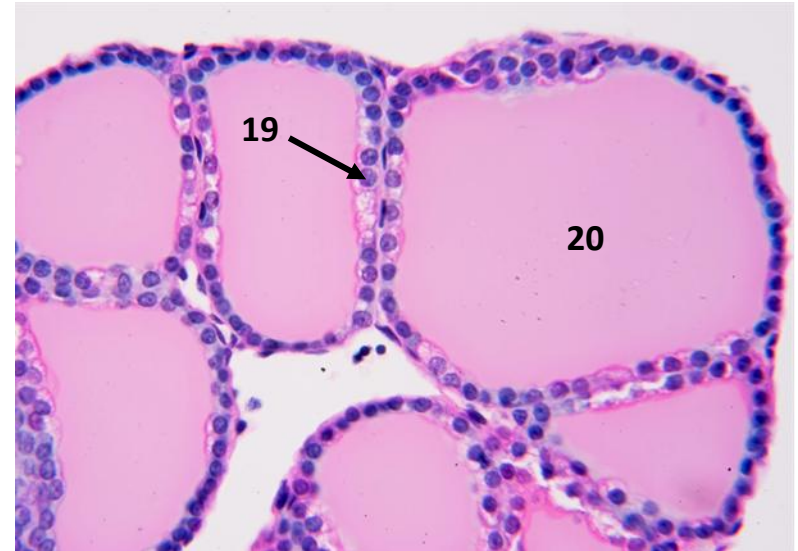

- 9.** Name the cell.
- 10.** Name the structure.
- 11.** Name the tissue.
- 12.** Name the location in body.

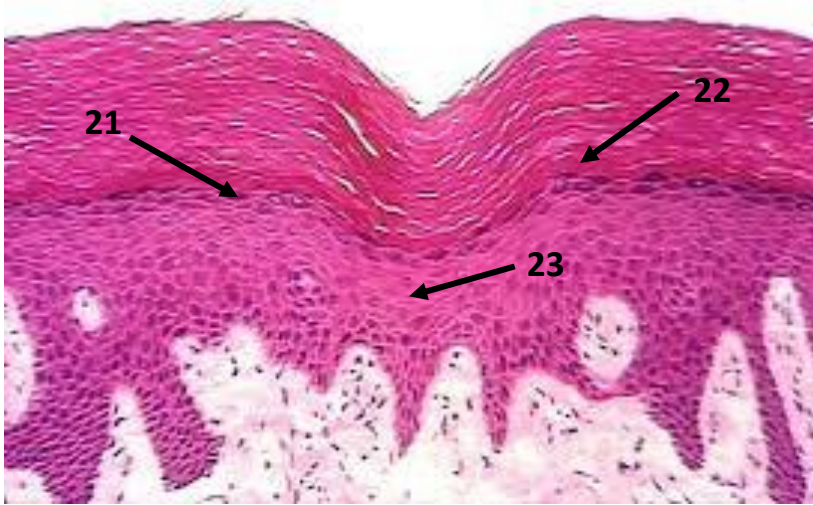

- 13.** Name the tissue.
- 14.** Name the location in body.

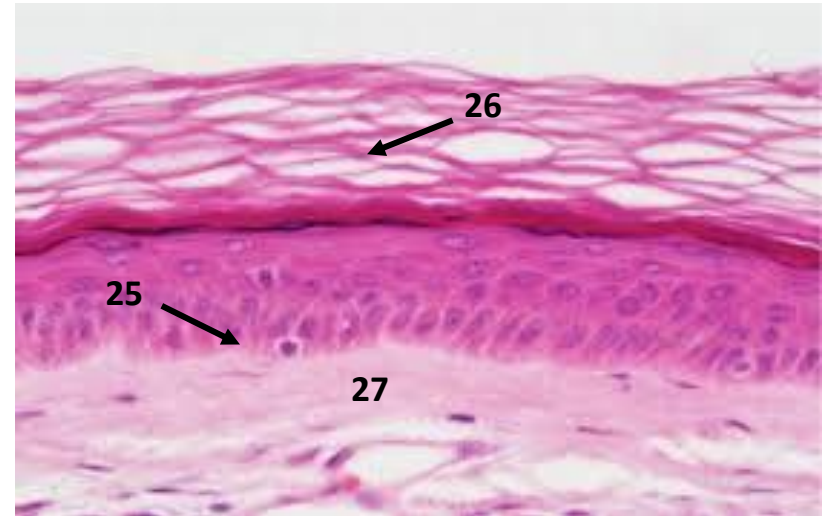

- 15.** Name the structure.
- 16.** Name the cell.
- 17.** Name the tissue.
- 18.** Name the location in body.

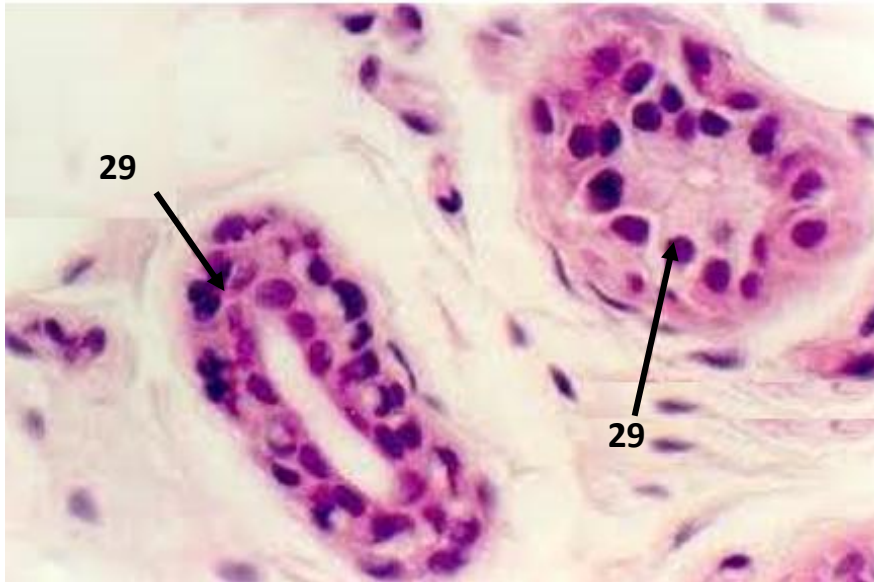

- 19.** Name the tissue.
- 20.** Name structure (location in body).

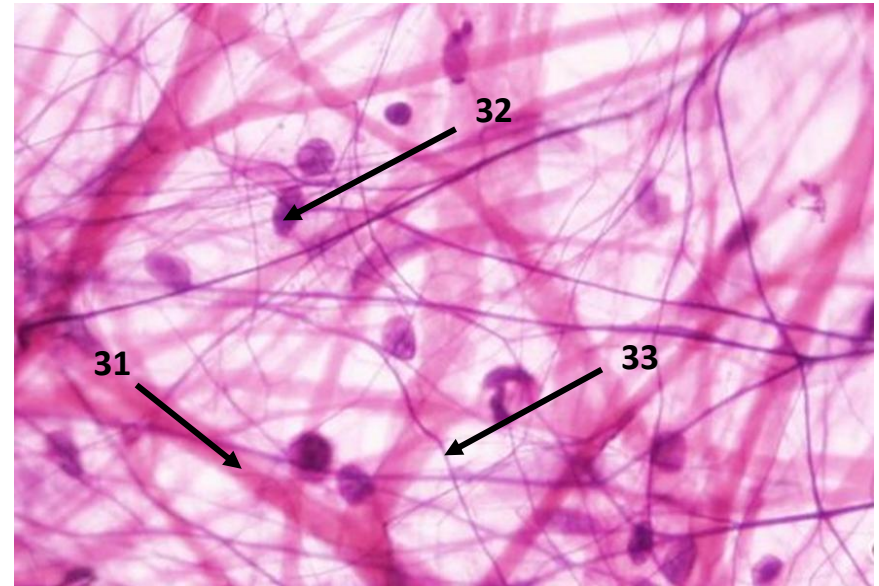

- 21.** Name the specific layer.
- 22.** Name the specific layer.
- 23.** Name the specific layer.
- 24.** Name the location in body.

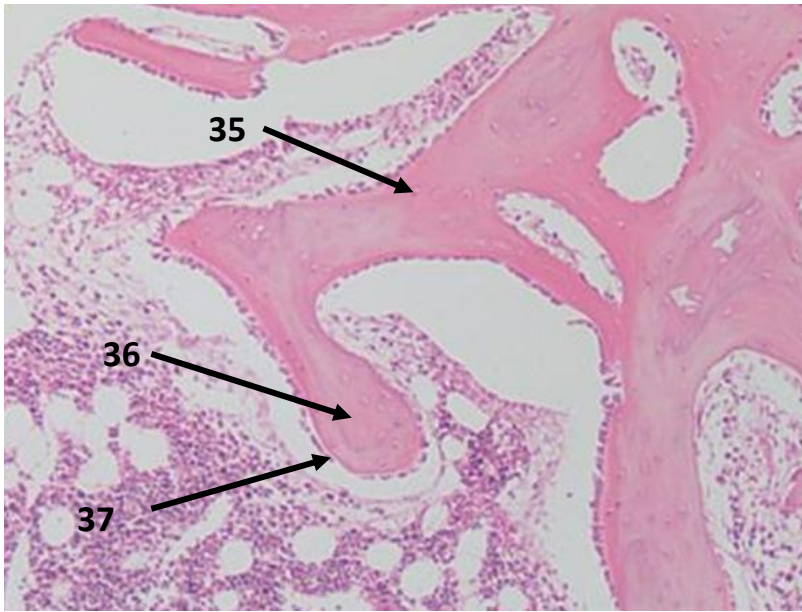

- 25.** Name the specific layer.
- 26.** Name the specific layer.
- 27.** Name the specific region.
- 28.** Name the location in body.

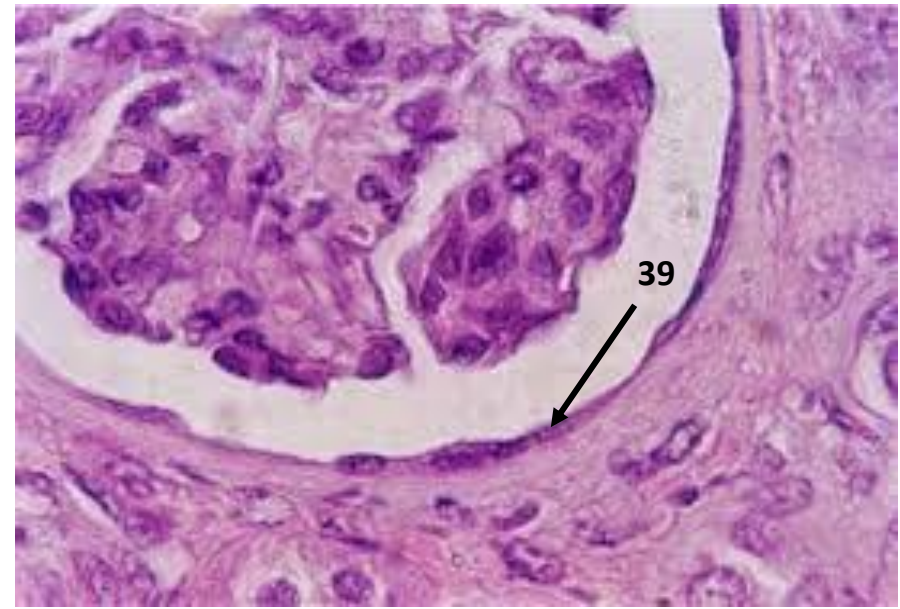

- 29.** Name the tissue.
30. Name the location in body.

- 31.** Name the structure.
32. Name the cell.
33. Name the structure.
34. Name the tissue.

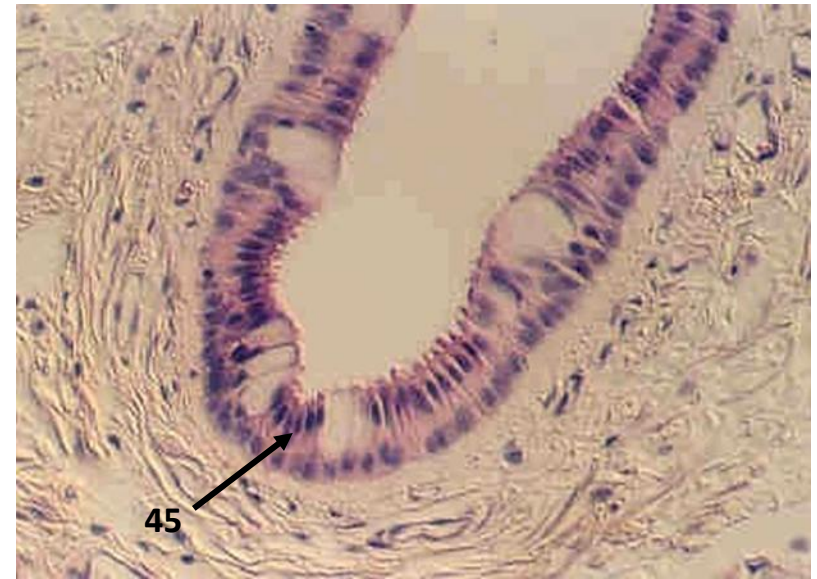

- 35.** Name the cell.
- 36.** Name the structure.
- 37.** Name the cell.
- 38.** Name the tissue.

- 39.** Name the tissue.
- 40.** Name the location in body.

- 41.** Name the cell.
- 42.** Name the structure.
- 43.** Name the cell.
- 44.** Name the tissue.

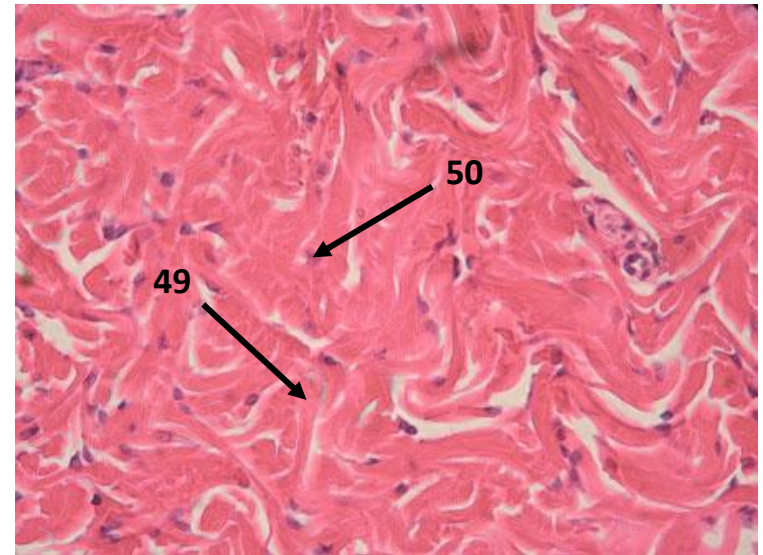

- 45.** Name the tissue.
- 46.** Name the location in body.

47. Name the tissue.

48. Name the location in body.

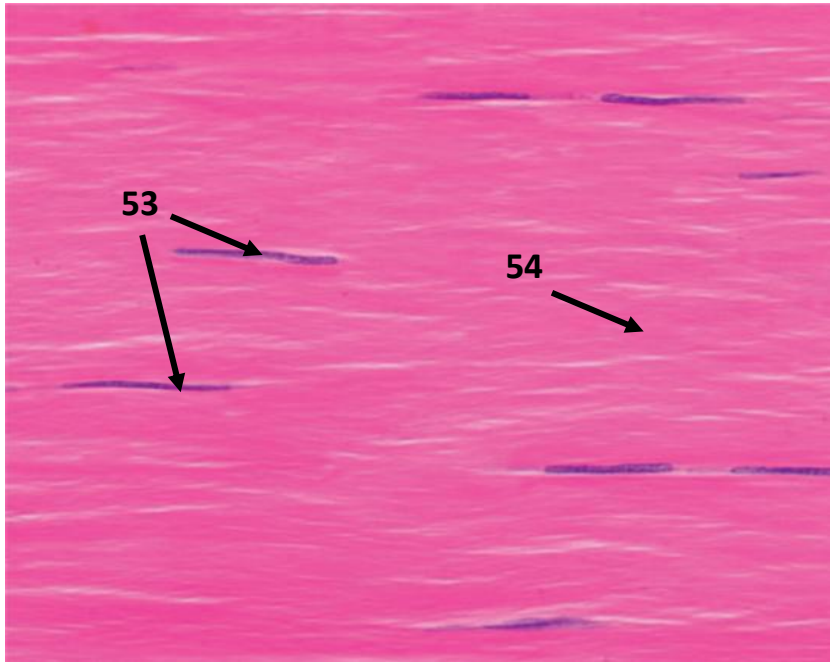

49. Name the structure.

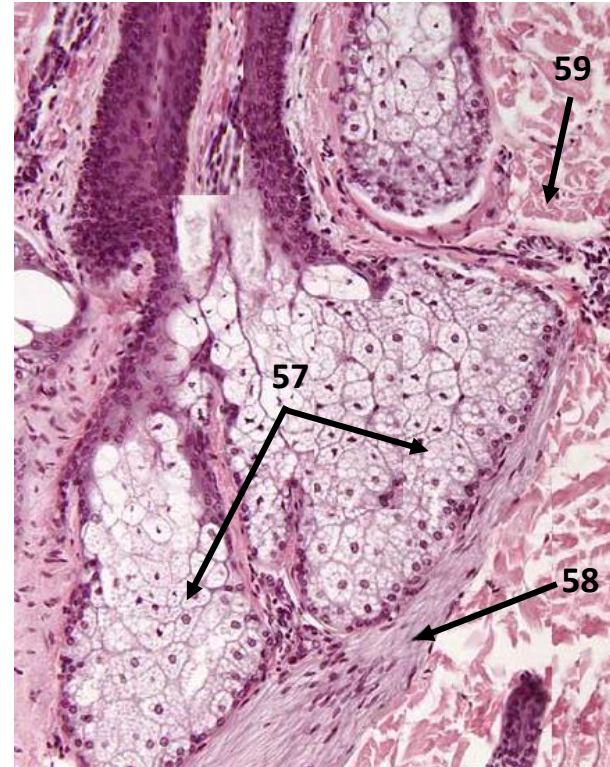

50. Name the cell.

51. Name the tissue.

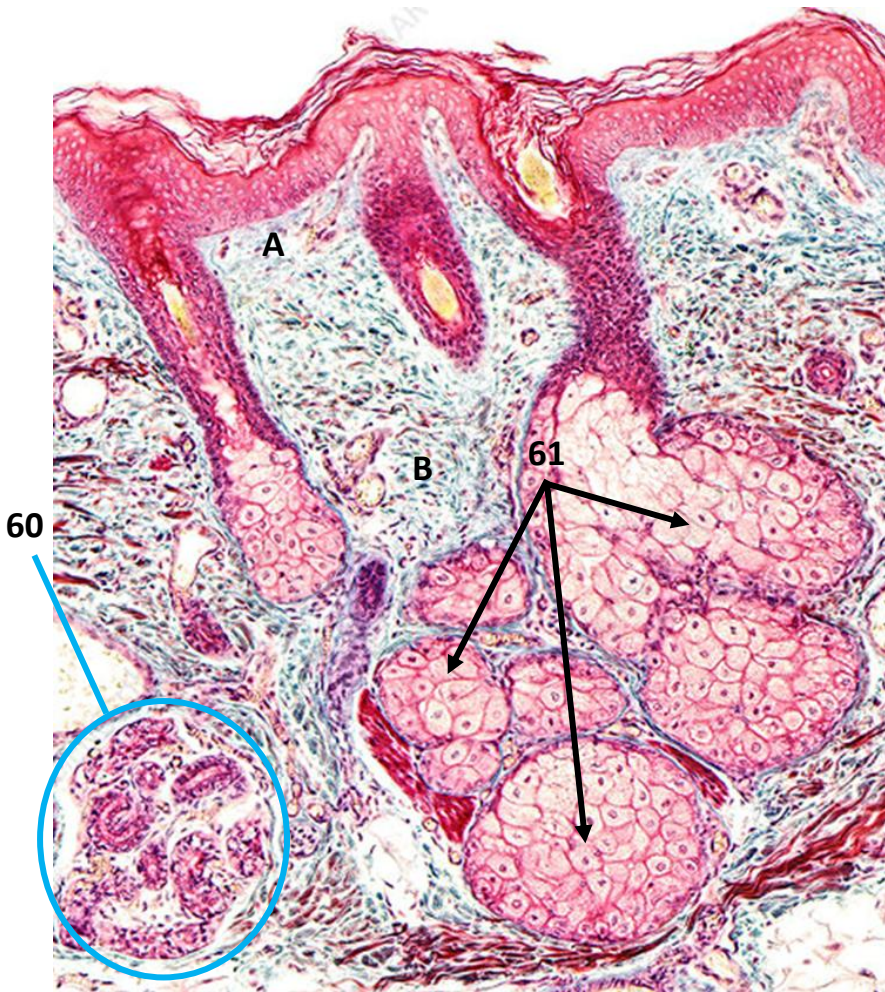

52. Name the location in body.

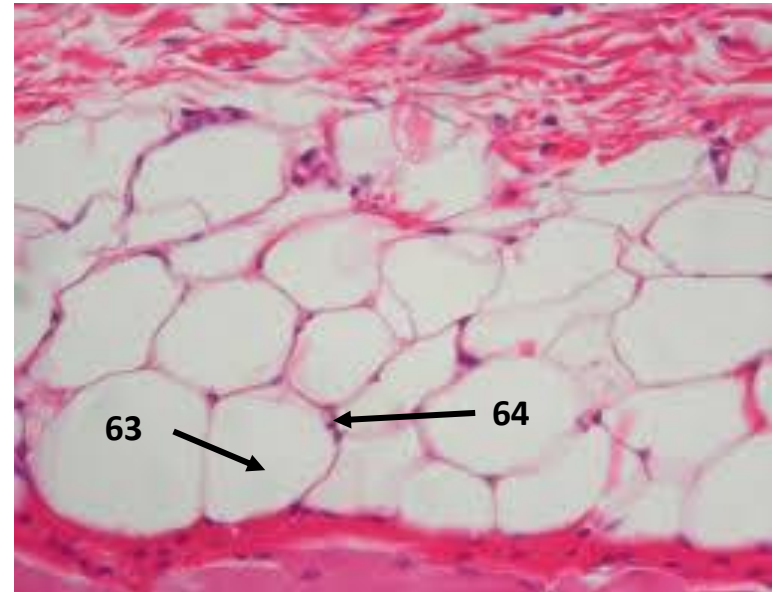

- 53. Name the cells.
- 54. Name the structure.
- 55. Name the tissue.
- 56. Name the location in body.

- 57. Name the structures.
- 58. Name the structure.
- 59. Name the tissue.

- 60. Name the structure.
- 61. Name the structures.
- 62. Name the regions A and B

- 63. Name the cell.
- 64. Name the structure
- 65. Name the location in body.
