

2024-2025 INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM (IGETC) CERTIFICATION PATTERN

The Intersegmental General Education Transfer Curriculum (IGETC) is a general education pattern that fulfills all lower-division general education requirements at all California State University (CSU) campuses and most University of California (UC) campuses/majors. It is also accepted by some private/independent or out of state universities. IGETC is usually recommended for students who intend to transfer to a UC campus, or who are not yet sure of their intended transfer university.

Completion of the IGETC pattern is not an admission requirement for transfer to most UC or CSU campuses, nor is it the only way to fulfill the lower division GE requirements of a UC or CSU campus prior to transfer. Please consult with a Counselor to determine the most appropriate general education pattern and requirements for transfer to a CSU or UC. This information is based on the 2024-2025 Miramar College Catalog. Consult the [SDCCD District COLLEGE CATALOGS](#) website for current catalogs and updates (*including addenda and errata*). Be advised some information can change with catalog updates during the year.

General Education CERTIFICATION

General Education Certification is a legal agreement between the UC or CSU systems and the California Community Colleges that permits a student to transfer from a community college to a UC or CSU campus without the need to complete additional lower division general education courses to satisfy university GE requirements after transfer. Full or partial certification of IGETC is available. General Education Certification is **not automatic** and must be requested through the college Evaluations office. Please see a counselor for details.

- Each course must have been IGETC approved at the time it was taken. Courses may be approved for more than one IGETC area. However, each course may be used to certify only one of the areas it is approved for.
- Coursework completed at accredited U.S. colleges and universities can be used to fulfill some IGETC requirements. All such credit must be evaluated through the Evaluations office. Foreign coursework is not acceptable.
- All courses must be passed with a "C" or higher. "C-" is **not acceptable**.
- Some UC campuses do not allow use of IGETC for students who were previously enrolled at a UC campus.
- Some community college courses have limitations on the amount of credit awarded by the receiving university.
- Students may be eligible for transfer upon completion of the applicable 60 transferable units which must include GE courses. The balance of courses may be preparation for major and/or electives. See a counselor for details.
- Acceptable scores on the **Advanced Placement (AP)** and **International Baccalaureate Credit (IB)** exams may count towards satisfying some IGETC subject areas. Please consult the College Catalog and a Counselor for details.
