Getting Started with
Disability Support Programs and Services (DSPS)
(Prospective Miramar College Students)

1. **Apply to San Diego Miramar College Online** - After applying, you will receive an email with your new student.sdccd.edu email address and a temporary password. You will need to activate your account and setup MFA before you can access district systems or enroll in classes.
http://apply.sdccd.edu

2. **Complete the Online San Diego Miramar College and Disability Support Programs & Services (DSPS) Orientations**
https://www.go2orientation.com/sdmiramar/sdmiramar

3. **Register for Classes***
https://myportal.sdccd.edu/

4. **Register for the DSPS Program**
https://mydsps.sdccd.edu/user/intake/
   - You will be contacted by phone or at your student.sdccd.edu email after your application and verification have been reviewed. Maintaining current contact information will mitigate communication delays.

5. **Complete a Welcome Appointment with a DSPS Counselor**
   - Engage in the interactive process with a DSPS counselor. Discuss your request for specific Academic Accommodations.
   - You will be provided an Authorized Academic Accommodations letter to share with your instructors.
   - You may be eligible for priority registration (according to the SDCCD priority enrollment system outlined in the college catalog) after you have completed your Welcome appointment. These steps must be completed before the semester deadline in which you plan to enroll.

*Students may register independently for classes or DSPS counselors can provide registration support to students after they have completed their Welcome appointment.
