

Schedules for Making College Life Easier

This document includes three different schedules. Copy and paste the ones you need into their own documents or use them all here. The Semester Schedule helps me see, at a glance, the big assignments that I have to do over the course of the semester. The Weekly Work & Class Schedule helps me see, at a glance, what days I have to do what. I also used it to schedule study times for myself (such as during a free block on Tuesdays and Thursdays). I used both of these every semester. I only used the Detailed Work Schedule when I had weeks with a lot of deadlines or meetings or to give myself step-by-step deadlines on big projects so that I stay on top of things. Nowadays, I use the calendar on my phone.
