**6. Action Items (*this includes second reads*)**

6.1. Second Read: Miramar Strategic Goals & Directions Document - David Wilhelm

- Wilhelm reported that the feedback from the A.S. first read was reviewed at the last committee meeting.
- Wilhelm presented the updated [document](#), which incorporated feedback from the first read.
- Motion to approve passed unanimously. [Kjartanson/Carrasquillo]

6.2. Second Read: Student Evaluation of Counseling Faculty - Olivia Flores

- Flores reminded senators that this is a document used by students to evaluate Counseling faculty.
- This draft proposal has already been approved by the A.S. at City and C.E.
- Motion to approve passed unanimously. [Kjartanson/Diskin]

6.3. Second Read: Miramar College Marketing & Outreach Plan - Steve Quis

- Sonny Nguyen and Steve Quis shared the [most recent version of the Plan](#) and the [Q&A document](#).
- The committee is meeting on May 6, and Nguyen and Quis will take any questions back to the committee for review.
- Nguyen clarified that, if the A.S. is not ready to vote, this can be postponed to the next academic year.
- Discussion ensued, with the Biology department still having additional questions.
- Nguyen noted that the \$500,000 will be removed from the document because it is really an operational cost through Program Review, not shared governance. He also noted that it is not a request for an annual increase. The document shows money from the Block Grant that has already been spent.
- Quis noted that the marketing budget is currently \$27,500 and that there has not been an increase in over 10 years. A request to increase the budget will be added to Program Review because it is an operational cost, not done through shared governance.
- Parelman agreed that \$27,500 might be inadequate to support marketing and outreach for the College and its instructional programs. She suggested that, since the A.S. values and is now aware of this, perhaps the body can support them in other ways, like with a resolution.
- Alsup shared that concerns with the Plan also include issues with Element 451. It is hard to support this because of the option regarding whether faculty can opt in or out. Has this been institutionalized? Nguyen noted that Element 451 has not been institutionalized, has been used in some areas of Student Services, and they are looking to expand an early alert system.
- Concern was shared that it is not really clear on what this body is being asked to vote. Is this a vision, wish list, an increase in the marketing budget? This document is not clear on that, when Senators are being asked to go back to their departments for discussion.
- Motion to extend time by two minutes passed with no objection. [Carrasquillo/Kjartanson]
- Motion to table and bring the edited document back to the next meeting passed unanimously. [Sanchez/Carrasquillo]
- Nguyen confirmed that a CRM platform can be taken out of the Marketing Plan.

- Wolfson made a recommendation to expand the “Justification” section with more details, data and evidence.
- Nguyen would like to continue the discussion with faculty and A.S. concerns with Element 451. A recommendation was made to have an open forum for that discussion.

## 7. Discussion Items (*this includes first calls and first reads*)

- 7.1. Standing: Curriculum Committee Updates - Veronica Hartmann
  - Hartmann was not present.
- 7.2. Miramar College Zero Waste Resolution - Ashlee Lain

  - This will come back to the next meeting for a vote.
- 7.3. Free Speech and Campus Safety - Rodrigo Gomez
  - A recommendation was made to be proactive in promoting Miramar as a safe place to vote.
