

2026-2027 CALIFORNIA GENERAL EDUCATION TRANSFER CURRICULUM (Cal-GETC) CERTIFICATION PATTERN

The California General Education Transfer Curriculum (Cal-GETC) is a general education pattern that fulfills all lower-division general education requirements at all California State University (CSU) campuses and most University of California (UC) campuses/majors. It is also accepted by some private/independent or out of state universities. Cal-GETC is the recommended general education pathway for students who intend to transfer to a UC or CSU campus, or who are not yet sure of their intended transfer university.

Completion of the Cal-GETC pattern is not an admission requirement for transfer to most UC or CSU campuses, nor is it the only way to fulfill the lower division GE requirements of a UC or CSU campus prior to transfer. Please consult with a Counselor to determine the most appropriate general education pattern and requirements for transfer to a CSU or UC. This information is based on the 2025-2026 Miramar College Catalog. Consult the [SDCCD District COLLEGE CATALOGS](#) website for current catalogs and updates (*including addenda and errata*). Be advised some information can change with catalog updates during the year.

- To count toward certification, a course must have been Cal-GETC approved at the time it was taken. If a course was approved for IGETC before Cal-GETC existed, it may still count toward Cal-GETC – check with a Counselor to confirm, as specific approval dates may apply. Also, while some courses are approved for multiple Cal-GETC areas, each course can only be certified in one area.
- Coursework completed at accredited U.S. colleges and universities can be used to fulfill some Cal-GETC requirements. All such credit must be evaluated through the Evaluations office.
- All courses must be passed with a “C” or higher. “C-” is **not acceptable**.
- Cal-GETC may not be appropriate for some majors or schools at UC Campuses or for students who were previously enrolled at a UC campus.
- Some community college courses have limitations on the amount of credit awarded by the receiving university.
- Students may be eligible for transfer upon completion of the applicable 60 transferable units which must include GE courses. The balance of courses may be preparation for major and/or electives. See a counselor for details.
- Acceptable scores on the **Advanced Placement (AP)** and **International Baccalaureate Credit (IB)** exams may count towards satisfying some Cal-GETC subject areas. Please consult the College Catalog and a Counselor for details.
- Foreign coursework is not acceptable.
- No more than 14 semester units of Pass/No Pass (Credit/No Credit) may be used toward Cal-GETC certification.
