- Acknowledgement of Community Tragedy: Gomez read statement (available in full in [meeting slideshow](#))
 - o Circle of Care: Community Check-in on Wednesday, May 20, 3:30-5:00pm in K1-308.
 - o A good majority of San Diego first responders were trained at Miramar.
- Lactation pods on campus: Feedback from students is that they are not working, issues with getting access codes (15-20 minutes), and need to be cleaned more often. A concern should be addressed by the A.S. in the Fall.

6. Action Items (*this includes second reads*)

- 6.1. Second Read: [Miramar College Zero Waste Resolution](#) - Ashlee Lain
 - No feedback received, so the item is unchanged from the first read.
 - Do away with single-use plastic items, having more communal water refill stations, and catering using less plastic.
 - Discussion with some departments or areas on campus that put together events last minute due to timelines: might be hard to only pick from select vendors. This resolution is to encourage, not demand, for the District to look at with larger vendors used by the District.
 - Motion to approve passed unanimously. [Marovich/Carrasquillo]
- 6.2. Second Read: [APs and BPs April 2026](#) - Veronica Hartmann
 - Gomez presented on behalf of Hartmann.
 - Motion to approve passed unanimously. [Kjartanson/Jewett]
- 6.3. Second Read: Miramar Marketing & Outreach Plan - Steve Quis
 - Postponed to the Fall 2026 semester.

7. Discussion Items (*this includes first calls and first reads*)

- 7.1. Standing: Curriculum Committee Updates - Veronica Hartmann
 - No update.
- 7.2. Measure HH Quarterly Senate Updates & Communication Structure - Rodrigo Gomez
 - District would like to give quarterly campus updates. District would like to know from Miramar community how often faculty would like to receive updates from District.
 - Review of Measure HH Project updates prepared by Operations, Enterprise Services, and Facilities:
 - o [Cover Memo HHUpdates_051426.docx](#)
 - o [May Project Update FINAL.docx](#)
 - o [May Project Update FINAL.pptx](#)
 - Recommend first meeting in early Fall 2026. Recommend also at the end of semester with updates.
 - Please email [Gomez](#) with recommendation and feedback on how often Operations, Enterprise Services, and Facilities should present to Miramar A.S.
 - Kjartanson: Are there certain details about the projects that VP Battisti cannot answer?
 - Carrasquillo: Does the District want input? What is the purpose (because sometimes things are considered operational, and faculty do not have a say in operational costs)? Need clarification on for what the District is looking.

- 7.3. Free Speech and Campus Safety - Rodrigo Gomez
 - Manley noted that she noticed some new signs around campus.
- 7.4. Resolution on Agentic AI Workgroup - Rodrigo Gomez
 - Resolution can be used to showcase where the line is being blurred between 10+1 issues and District contracts with AI tools like Element 451.
 - Marovich: Atomic ASU, an AI tool, was used within Canvas to pull faculty instructional materials, then used to create modules without faculty input.
 - From District Board of Trustee meeting minutes: “awarded cooperative agreements with Element 451.” Would like more clarification on what this means. The District and Element 451 agreement was announced.
 - AI integration into Canvas: District has added this. Faculty can turn off the feature, but discussion with District not forcing it onto faculty, making it a choice for faculty to opt in.
 - Stanford University definition of AI literacy and ethical AI literacy, which is a 10+1 issue. Gomez suggests folks begin by searching for such AI literacy documentation.
 - Email [Gomez](#) with interest in participating on the A.S. Resolution on Agentic AI workgroup.
