

EDGE AI WORKSHOP SERIES

LEARN. EXPERIMENT. BUILD.

Join Qualcomm and Miramar College for a three-part learning series exploring AI, machine learning, and Edge AI—with opportunities to put your knowledge into practice.

RSVP

TUE
SEP 29

12:00 - 2:00 pm
L-104

INFORMATION SESSION

Edge AI with Qualcomm

Presented by Qualcomm Engineers

Discover Edge AI and learn how artificial intelligence can run directly on the devices we use every day.

THU
OCT 29

12:00 – 2:00 PM
L-104

WORKSHOP 1

AI & Machine Learning Fundamentals

Build your AI foundation

Learn the fundamentals of artificial intelligence and machine learning—and how they connect to Edge AI.

TUE
NOV 10

12:00 – 2:00 PM
L-104

WORKSHOP 2

Hands-On Edge AI with Qualcomm

From learning to doing

Gain hands-on experience with Qualcomm RUBIK Pi by running and experimenting with AI models on an Edge AI platform.

Attend the Information Session as a pre-requisite to attend Workshop 1 and 2.
Complete both workshops to become eligible to participate in the project using
Qualcomm-provided Edge AI hardware

For accommodations, email mirajobs@sdccd.edu at least 3 days prior to the event.
