1)	Workgroups Update The committee met in breakout rooms for the committee workgroups, 1) Cohorts, 2) Permission Numbers, and 3) Student Journey. The committee agreed that the next meeting will continue to be held fully online via Zoom, with breakout rooms designated for workgroup discussions. • Permission Numbers (lead: Stephens): ○ Parks shared that the workgroup discussed ongoing issues related to incorporating instructor names and emails into the MySDCCD class search. Parks mentioned that another desired improvement includes standardizing terminology (i.e., add codes/permit codes) across systems, but that it might not be feasible at this time. • Student Journey (lead: TBD): ○ Reinstein shared that the student journey document is nearly finalized, with only minor edits remaining related to capitalization, formatting consistency, accessibility, and the use of active verbs. Reinstein explained that the group discussed piloting the document during Jets Jumpstart and making it available in multiple formats, including a web document, Word document, and visual flowchart. Reinstein also shared that they are exploring providing multilingual versions and printing physical copies for campus-wide distribution in the fall semester. • Cohorts (lead: Julian): ○ Orgera shared that the workgroup focused on defining cohort characteristics and structures while connecting with research from the PEARL program. Orgera stated that the workgroup also plans to collaborate with district research to analyze data while protecting student anonymity, with findings intended to support cohort development for the Puente, and Umoja programs.

2)	BP and AP Updates No updates.
