

Our students deserve better...

“ Have you ever wondered why a student drops a class? Or what happens to them once they leave? ”

Take Miguel, he dropped out of school because he was denied financial aid due to the fact that he has over 80 units since he kept changing his major \$\$\$

After 3 years, Miguel still has no idea what his major is!

Students come to Miramar to fulfill their academic and career goals

to improve their lives ✓

We CAN Do Better!

We ALL have a role in every student's journey here

Each and every one of us impacts our students

We need to work together to support and prepare them

Rashed had been working on the prep courses for nursing but did not have the GPA to get accepted into a program.

Luckily his school had Interest Areas and he was redirected to a similar major that did not require the same GPA

You may be asking, "What more can we do to support our students?"

Through collaboration our college **NEEDS** to develop pathways to foster opportunities in the classroom, on our campus and in our students lives
