Breakout Session #1: Equity On Campus (slides attached)

Summary Sentence: Engaged in meaningful conversation around equity on campus; shared how to foster a culture of equity in practice and explored opportunities as a campus community to deepen our commitment to equity and supporting our students through equity minded practices.

Recording: Not available

Breakout Session #2: Who Are Our Students and What Are Their Needs?

Summary Sentence: The increasing diversification of our student population elicits innovative, equity minded practices. The pandemic has heightened the challenges and inequities our students face, let's take this year to listen and learn more about the needs of our students and focus in the development of practices to help them succeed.

Recording: Not available

Breakout Session #3: Communication & Collaboration, How Do We Share the Space?

Summary Sentence: Focused on laying the foundation for open and honest conversations. People want to learn, grow and be involved in the healing process. We can't forget our past, we need to acknowledge it and heal in a way that is moving us forward.

Resources: Please check out these great resources that helped inform this breakout session. They are: Trauma-Informed Organizational Self-Assessment, Creating Cultures of Trauma-Informed Care, and Institutionalized Oppression Definitions.
